
Relais San Maurizio
LUXURY SPA RESORT

Relais San Maurizio

The Relais San Maurizio is an ancient 17th century monastery which became a Luxury SPA Resort just a few years ago. At the heart of the Moscato lands, in Langa, is it a unique and unforgettable place. Elegant and romantic, it is an ideal destination for enjoying moments of absolute luxury, for relaxing and indulging the senses and the soul. The frescoed halls, 30 rooms with stunning, individual décor, the gardens and the park with its centuries-old trees are all overwhelmingly enchanting. From the large outdoor swimming pool, at the top of the hill, guests can enjoy a 360 degree view over the breathtaking scenery. The hotel is home to the Michelin-starred restaurant "Guido da Costigliole" and the exclusive Medical & Beauty SPA "La Via del Sale". It is a member of the Relais & Chateaux hotel chain.

Rooms and Suites

The Relais San Maurizio has 30 rooms, including ten suites, each with its own individual décor, style and atmosphere, and some with private gardens. Many still retain their original frescoes, stone, wood, furniture and materials. Private and quiet, the rooms are located in three areas on the property: the executive, superior and junior suites are located on the first floor of the main residence, along the attractive corridor onto which the monks' cells once opened; the largest suites are found in the old stables and in the ancient oil-mill by the side of the church.

Restaurant

For fifty years, the Michelin-starred “Guido da Costigliole” restaurant has been a benchmark for haute cuisine in the Langhe territory. Located in the ancient cellars of the San Maurizio monastery, the underground rooms and passages hold a treasure of more than 2,500 wines that have been lovingly collected for many years by Andrea Alciati, who runs the restaurant along with Monica Magnini and Luca Zecchin. This young chef has taken on the legacy of Lidia Alciati in creating dishes that enhance the flavors of tradition in a contemporary vision, using carefully selected local produce.

Medical & Beauty SPA

Over a thousand square meters are set aside for the “La Via del Sale” Medical & Beauty SPA, where salt takes centre stage in these exclusive therapeutic and aesthetic treatments, and in the hydrotherapy. The SPA includes the Grotta del Sale or ‘Salt Cave’; a natural ravine with pools of high salt density San Maurizio water, a heated indoor swimming pool with hydromassage, a hammam, a gym, a panoramic solarium terrace and eleven cabins that are used for aesthetic treatments, massages and therapies. The SPA Suite is a private area where couples can enjoy massages and hydromassages for two or lunch on the terrace; a place to spend an entire day in complete privacy.

Terraces

The panoramic open spaces that surround the Relais San Maurizio are absolutely splendid. Guests can enjoy a unique and unforgettable view over the landscape of the Langa. All around, there are rolling hills as far as the eye can see, covered with Moscato vineyards. Besides the magnificent belvedere of the “Guido da Costigliole” restaurant, where guests can dine romantically under the stars during the summer months, there are panoramic views from the outdoor pool which has a 360 degree view over the surrounding countryside. Outside the SPA is a wide terrace overlooking the vineyards, shielded from the wind and ideal for moments of complete rest and relaxation.

Scenic swimming pool

A peaceful and sunny place in which to relax at the hotel, Relais's large scenic swimming pool is the hub of hotel life in the summer months. The view extends for 360 degrees over the surrounding hills, while the mind relaxes and the body is invigorated by long swims...and not just this. Over summer, the scenic swimming pool is the ideal setting for prestigious events and cocktail evenings.

Park

The centuries-old park in which the Relais San Maurizio is immersed spreads over the top of the hill and enjoys a special microclimate where strawberry trees, centuries-old olives, firs, larches and majestic beeches live alongside local plants, such as elms and oaks. All the public areas and the rooms in the main building overlook the internal cloister, including the frescoed room which is home to the “La Vie en Rose” bistro where breakfast and lunch are served. A wonderful hundred-year-old strawberry tree takes centre stage in the cloister.

Bar & Bistro

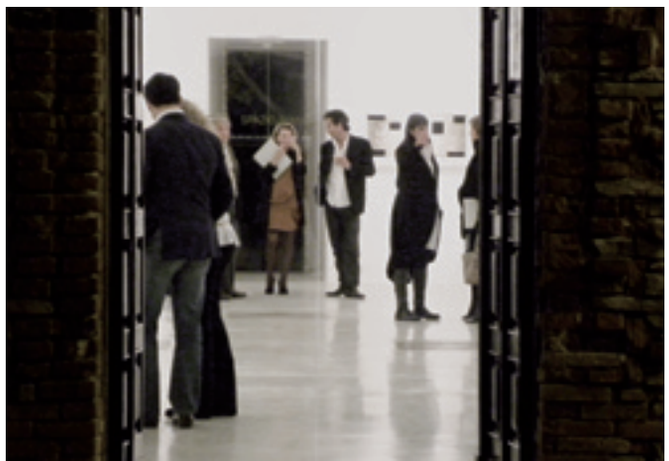

With its frescoed hall overlooking the monastery's internal cloister and its flower garden with views over the Langhe, the "La Vie en Rose" bistro is ideal for business lunches, family parties and peaceful moments. In summer, lunch is taken al fresco, in a unique setting, where local specialties can be savored alongside light dishes prepared using local ingredients.

The "Wine & Cocktail Bar Hemingway", with Cigar Room, has one of the most extensive wine lists of wine sold by the glass: more than 40 labels including sparking wines, whites and reds which guests can always taste. Exquisite bottles are lined up side by side, representing the excellent production of the Langhe area.

Events

The “Spazio Bianco” is Relais’s new multifunctional hall dedicated to events and shows. With a contemporary feel but housed within the monastery’s ancient church, it is a location spread over 100 meters squared fitted with the most advanced audio and video technology, connectivity and simultaneous translation. It can accommodate up to 130 people and is also equipped for international events. A unique choice for conferences, conventions, meetings and very prestigious public or private events that can rely upon an extremely elegant environment and impeccable service from a five star Relais hotel like San Maurizio.
